Energy Efficiencies at Exchange Place

Upon acquiring Exchange Place in 2017, Promark Partners recognized an opportunity to improve the energy efficiencies of the building.

In 2018 an Energy Efficiency Project, designed to improve overall building comfort and systems reliability, was completed to include:

- Upgraded mechanical components
- New lighting
- Renewable energy (rooftop solar panel installation)*
- Newly integrated Building Automation Systems
- Water conservation measures
- Achieved EnergyStar Certification

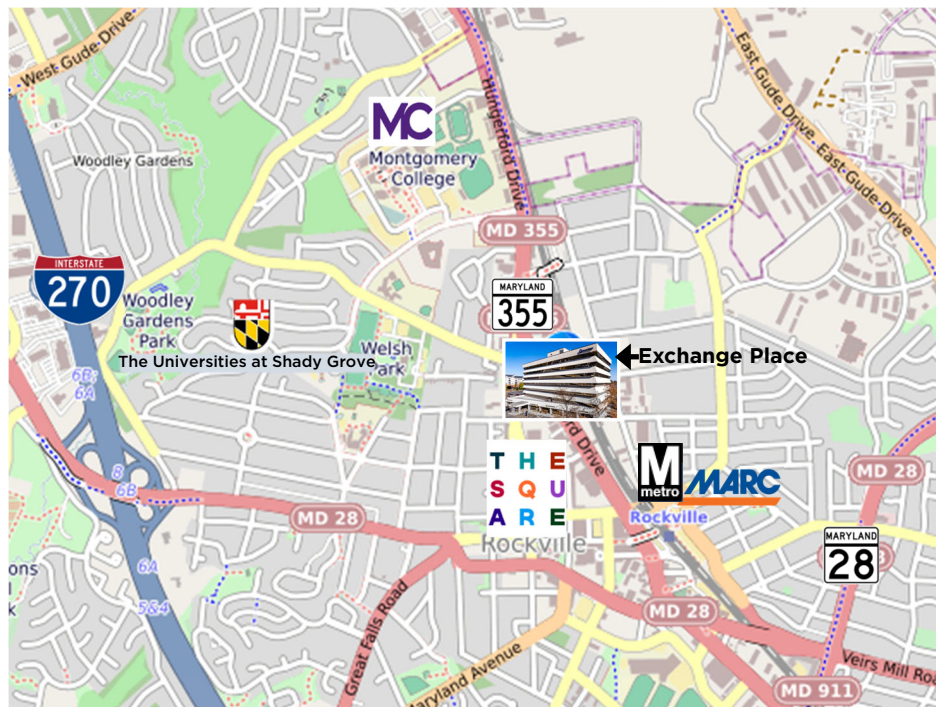

** This marked the first completed C-PACE project in Montgomery County to include solar energy.*
